

DEAR FDA -

3/30/01

I want MANDATORY LABELING of GENETICALLY
ENGINEERED FOOD. There is overwhelming
consumer demand for this as well as strong
scientific evidence of numerous health & environ-
mental risks of GE foods. You are irresponsibly
ignoring ~~both~~ of these in order to convenience industry
at the expense of the public good. I DO NOT WANT
TO EAT GE FOOD & YOU HAVE NO RIGHT TO
DEPRIVE ME OF THIS RIGHT. LABEL GE
FOODS ~~SO WE CAN~~ MAKES A
CHOICE ~~of bbb~~ Thank you,
sincerely,
Becky Jafel
